

SERENGETI ESTATES

FORGED BY NATURE

SERENGETI ESTATES PORTAL AND APP REGISTRATION FORM

The purpose for registration is to allow residents control over their pre-authorized visitors and deliveries. Residents also have control over updating their personal contact information, updating pet and vehicle information.

Portal registration ensures that HOA communication is received via email and in-app. The App also aids with fault and query logging via the Helpdesk feature.

It is required that the responsible person of the property is aware and consents to additional family members or tenants captured to the stand profile. The responsible person must provide the SEPOA with written consent (emailed) or a signed registration form.

It is the responsibility of the property owner or registered tenant of the property to inform the SEPOA when a member has vacated and needs to be removed from the Serengeti Estates Portal and App.

Please provide your residential stand/unit number

Residential Stand	Whistling Thorns	The Lakes	The Signature
